

# I. Internalizing Awareness

## A. Quieting/Centering

### 2. Closing the Eyes and Being Present

Close your eyes and quiet your mind. Be still.

Let go of all thoughts, worry and tension.

Give yourself fully to a higher power. Relax, trust and let go... Breathe in fully and exhale with a deep sigh...

And again, breathe in fully and exhale with a deep sigh... And let go even more....

Feel a deep sense of contentment and peace in your heart.
